

Nevamar Facts, Features, & Benefits:

- Nevamar (HPL – High Pressure Laminate) – solid surface laminate of realistic wood grains that provide decorative and functional needs.
- Armored Protection Surface – Aluminum Oxide – aluminum oxide is harder than common everyday objects engineered using aluminum oxide particles blended with clear resins – together, they form a protective layer and protect laminates against wear caused when objects slide across the surface. The Nevamar exclusive protective finish protects and keeps surfaces looking new longer, and protects color by reducing surface wear.
- The Greenguard Environmental Institute has awarded Greenguard Indoor Air Quality Certification to Nevamar high-pressure decorative laminates. The Nevamar laminates were scientifically tested to the Greenguard Standards for Low Emitting Products. Professionals and homeowners alike can trust the Nevamar decorative surfaces to create spaces free of harmful pollutants.
- Greenguard Indoor Air Quality: Air Quality Certified and Greenguard for Children & Schools Certified.
- Nevamar Company: A leading diversified manufacturer of decorative surface products used in commercial and residential interiors, fixtures, and furnishings. For more information about Nevamar high pressure laminates, visit www.nevamar.com
- Products Made in USA: One Nevamar Place, Hampton, South Carolina. Wood fibers are used to produce products for the laminate core at a paper mill that is located in Charleston, South Carolina from wood fiber harvested from the region.
- Requires only routine cleaning – can be easily wiped clean with just a clean, damp cloth or sponge using a mild soap, or non-bleach general purpose cleaners.
- Why Nevamar? Resists scuffs, alcohol, boiling water, cosmetics, moderate heat and stains.
- Carolina Furniture Works, Inc. Nevamar textured top finishes are easier to maintain with routine cleaning.
- Carolina Furniture Works, Inc. Nevamar tops utilize an industry specification of 1/8” thickness with the top permanently affixed to a solid hardwood frame that eliminates peeling.
